U.S. History (2023-2024)

Below are the 20 Claims often advanced in U.S. History classes which we are going to counter and combat throughout this school year. These claims have been pushed in schools for so long, and parroted by the news media, politicians, and celebrities so often that they have become accepted by many people as fact. Many Americans don't even question them anymore. You, as a thinking rational adult, may intuitively distrust many of these claims, but you may not know exactly how they are false or how to challenge them. You will now.

CLAIM: Prior To The Arrival of Europeans, Native Americans Lived in Peace and Harmony
